HISTORY

A continued growth

From a table in a closet....

.... to a room

.... to a basement

.... to an apartment

.... to a building

.... still a full industrial settlement ...

.... end now it's time to build

WHY A COMPUTER MUSEUM ?

To know

To learn

To remember

Because the culture is not only classic

But above all, do not miss our story

THE NARRATION

Different path for different approach

- Cronological order
- Type of machine
- Brand

Different path for any age

- Children
- Adults
- Elderly

Laboratories ... because ALL the machines are working
